Web Portofolio| HTML, CSS, JavaScript, VScode ⧉
    Here I developed a website entirely from scratch, where I gained hands-on experience in applying fundamental concepts of project creation, organization, and mobile optimization. This project allowed me to enhance my skills in structuring and executing a complete web development process using HTML, CSS and JavaScript.

Notes viewer ⧉
    A drive containing a selection of my university notes to date. These notes provide insight into my analytical thinking and demonstrate how I approach and solve complex problems.
